Controller Specifications:

Touch Screen Display	17" Color Touch Screen	**Bar Codes**	I2of5, UPC A/E, Code 39, C93, 128, Data Matrix
Operator Interface	Graphical User Interface, WYSIWYG Editor	**Logos**	Monochrome bit map files only
QWERTY Keypad	Sealed Elastomer	**Fonts**	Windows True Type fonts
Enclosure	Stainless Steel	**Number of Printheads**	Up to 4 768 or 384, Max two production
Memory	2 GB, 200 pin DDR2 SO-DIMM		lines, heads split in any configuration
Connectivity	4 USB, 2 RS232 Serial	**Printhead to Controller**	Maximum distance between printhead
Processor	Intel® Atom™ N2800		and controller is 25 ft (7.6 meters) max
Data Storage	40 GB Solid State SATA drive	**Environment**	Ambient operating temperature:
Power Input	100-240VAC, 50-60Hz at 3A max		40° to 104° F (5° to 40° C)
Operating System	Windows® Embedded Standard 7	**Operating Humidity**	10-90%, non-condensing
Auto Codes	Time, Date, Use By, Julian, Count, User Defined Shifts, Variable Input		

Features and Benefits:

Color Touch Screen – 17" color graphical user interface guides users easily through menu functions.

Designed with fewer components - up to 50% less components than previous models maximizing reliability and uptime.

Less Power – utilizing Intel's low power Atom processor and Solid State Disk the Elite consumes a third less power compared to previous models.

Windows Based – allows for easy user interface and easy message creation.

Optional Keyless message selection allows user to easily select message for print.
